HOPPER IN PACED GAME.
Local Sprinter Decides to Do Middle Distance Racing.

Norman Hopper, the popular local bike rider, has decided to take up the middle distance racing this season. Hopper has sent for a pace-following machine and will begin active training for this style of riding as soon as it arrives. He has secured the old Chapman twelve-horse power motor and is having a new frame and wheels built for it. "Hop" believes this will be the fastest paced machine on the track when it is built over and it is then he expects to begin riding miles next to nothing. Hopper has always made the sprint game his specialty, but he believes with practice he can get going behind pace as fast as any of them.

IF IT'S HERE IT'S RIGHT AUTO RACE AND NO ACCIDENTS

Louis Strang, Driving Italian Car, Leads All the Way.

Briarcliff, N. Y., April 24.—A streak of red, leaving a black trail of blue smoke, flashed through series lines of cheering thousands, shot over the finish line in a twinkling, going at sixty miles an hour and returned, Frank Lewis Strang, an American driving a fifty-horse power Italian car, the winner of the Briarcliff trophy automobile race today. The cliff trophy machine had covered the 259 miles of the twisting, serpentine course that threaded its way through the sloping hills in 5 hours, 14 minutes and 13.5 seconds. Strang's machine was in front throughout the contest.

The filmy vapor of Strang's car had scarcely lifted when Cedeno, also driving an Italian car, whizzed by the grandstand, capturing second honors of the contest and covering the circuit in 5 hours, 2 minutes and 5.5 seconds. Cedeno made a mighty start in the last part of the contest and established a new record for the course—57 minutes, 16 seconds for 24.6 miles. Guy Vaughan, in a thirty-horse power American machine, pressing Cedeno closely for second place in the last lap, was the third to cross the line in a fifty-horse power American car, was fourth, and Paul Sartori, driving a forty-horse power Italian machine, was fifth.

The time of Vaughan was 5 hours 28 minutes and 22.5 seconds, while Lyle covered the course in 5 hours, 29 minutes and 15.5 seconds. Sartori's time was 5 hours 53 minutes and 45.5 seconds. The judges officially declared the race off when Sartori crossed the finish line. Three other machines of the twenty-two starters were on the course when the race was called off to prevent accidents to the great crowd of spectators numbering about 100,000 persons.

The race was made by the racers was comparatively slow, and to the fact is probably due the absence of serious accidents. There were numerous minor mishaps resulting in the withdrawal of several cars from the contest, but in no case was any one seriously hurt. The course has been recognized as one of the most dangerous ever selected for a speed contest between high-power machines and the drivers expected unusual skill and nerve.

The position and time of the five leading cars follow:

Strang 1 4 5:14:13.5

BICYCLE COP AT WORK

No More Warnings for the Riders Who Persist in Using Sidewalks.

There will be no more warnings for bicycle riders who persist in using the sidewalk. "Bicycle Cop" Grundvig yesterday afternoon commenced making arrests under the ordinance forbidding wheelmen to use the sidewalks during the summer and fall months. J. W. Brown and Caesar Brin were taken into custody in South State street and had to explain matters to Police Judge Diehl.

Now he is on the hunt for offenders in grim earnest. It was the custom of Police Judge Diehl to impose fines of \$5 on bicycle riders who disregarded the city ordinance which excludes all vehicles, except baby carriages, from the sidewalks. It is probable that Judge Diehl will allow the first few offenders to go with reprimands.

REVERSES HIGHER COURT
Learned Police Magistrate Says He Thinks Decision of District Judge Erroneous.

Tom Dimmitte, the fighting popcorn man, was fined \$1 twice in the police court yesterday afternoon.

The first fine was for striking Andy Coroles in a Commercial street pool room. The testimony in this case showed that Dimmitte and Coroles had attempted to fight, but were separated. Then Coroles attempted to depart and was pursued by Dimmitte, who struck him on the head. Judge Diehl, in finding Dimmitte guilty of battery, stated that he some time ago fined a man who had pursued and beaten an antagonist, and that the case had been appealed to the district court, where the police court sentence was not upheld on the ground that, as the complainant and the defendant in the case had exchanged blows before the battery had taken place, the defendant should have been charged with fighting and punished for that offense. Judge Diehl said that he believed that the decision of the district judge was wrong and that in his opinion any man who pursues and beats a fleeing antagonist is guilty of battery.

Dimmitte was fined \$1 for knocking down and kicking Gus Pecolas in front of the Albany hotel at Second South and First West streets. Two other men were arrested with Dimmitte and charged with having assisted him in the attack upon Pecolas. These were Charles Dimmitte and Pete Camales. They were discharged.
